MUST-HAVE OF THE SEASON: BROOCHES!

Leave it to the high priestesses of hot fashion trends, Sarah Jessica Parker (SJP), to be one of the first to be pictured on film showing a series of vintage wired brooches. Not only gorgeous shimmering pieces of her breast bone, she appeared a few inches decorating her

...decorating a dizzying array of purses, belts, bracelets, gowns and back pockets. Brooches will be worn alone or in groups on everything from pants pockets to the tops of boots, as shoe decorations and as instant barrettes. When it comes to brooches, anything vintage inscribed with intense shimmer will be most desirable.

In keeping with the hot brooch trends, designer June Bijou has introduced a gorgeous line of pins and brooches that can do duty at a variety of locations from the lapel to the tresses. June Bijou is available at HairBoutique.com. For more information call 1-866-469-4247.
